

Russia Playing Deep Game in Affronting Three Great Powers

TOKIO, July 26.—The acts of the Vladivostok squadron in the Pacific and of the volunteer fleet in the Red sea strengthen the belief here that Russia is deliberately seeking to affront America, England and Germany in the hope of finding an avenue for gracefully retiring from a disastrous war.

There is no argument over the right of Russia to seize neutral vessels carrying actual contraband of war, but the wisdom of destroying neutral prizes without trial, unless the object is to involve other powers, is generally questioned.

It is believed that America will re-

fuse to recognize Russia's extended list of contraband and will speedily demand a limitation to articles reasonably contraband in order to protect her large oriental commercial interests.

It is expected that Great Britain will protest against the sinking of the Knight Commander, a demand for the return of British steamers and that Germany will make a second and more vigorous protest.

The Vladivostok warships are hovering about the course of the steamers from San Francisco, probably with the hope of overhauling the liner Korea. Warning, however, has been given to the Korea and she has a chance of eluding the Russians.

There will probably be other seizures

and whatever be the determination of the legal questions involved, or whatever diplomatic action may be taken, it is confidently believed here that the seizures will create a feeling of intense irritation and unfriendliness against Russia in America, England and Germany.

Japan is anxious to localize the combat and avoid involving other powers but views with unfriendliness the acts of aggression against friendly neutrals and treaty violations disadvantageous to herself. In the ten consecutive Japanese victories in the passage of the Dardanelles as of more importance than the acts of the vessels subsequent to such passage.

SALT LAKE WINS IN CRICKET GAME

Proves Stronger Eleven Than Ogden, Both in Batting and Bowling.

By an innings and fourteen runs the Salt Lake Cricket club defeated the Ogden club at Liberty park Monday. The reason undoubtedly was that the home team was the stronger eleven, both in batting and bowling.

R. F. Hayward, with a score of 36, showed some of the form of his public school days. Of the bowlers William Hoare, the captain, was far and away the best. He took eight wickets for twenty runs. Eugene and McGee were the best bats of the Ogden eleven.

Of the bowlers Wilson, who came on at the last and captured two wickets for no runs, was a great surprise and should be considered a dangerous man with the ball.

A meeting of the club will be held at the L. O. O. F. hall on Thursday at 8 p. m. A match with the Butte Cricket club is scheduled.

TELEPHONE TEAM DEFEATED.

Eureka Too Much for the Bell Visitors From Salt Lake.

Special to The Tribune.

EUREKA, July 26.—The Bell Telephone team of Salt Lake failed to score against the Eureka team here Monday. The Eureka nine piled up 22 runs. The visitors knew they had little or no chance of winning after their defeat of yesterday, but went into the game with a determination to make as good a showing as possible, but Cook, the first man up for the Eureka team in the first inning, took all the crimp out of the telephone team's batting ball over the center fence for a home run. This seemed to be the signal for the Eureka team to hit and run, and the run-getting might have been kept up indefinitely. The telephone team tried four slab artists. Pinner, Adams, Ash and Soder, in the order named, but were unable to keep the red uniforms of the Eureka team from hitting the diamond. Chivrell, in the box for the locals, pitched a professional ball and had good support throughout the game. He allowed the visitors but four hits and struck out twelve men. Only once was there any danger of the telephone team scoring, when Soder, in the eighth, hit a home run, but it was in the left field and retired the side. Score by innings:

Eureka	23	04	08	25
Telephone	03	09	00	12

Batteries—Eureka, Chivrell and J. Heuser; Telephone, Pinner, Adams, Ash, Soder and Sweeney. Hits, off Chivrell 4, off Pinner 2, off Adams 1, off Soder 2. Struck out, by Chivrell 12, by Soder 1. BICYCLE RACES AT PROVO.

Archibald Wins the One-Mile Utah County Handicap.

PROVO, July 26.—Pioneer day at Provo passed pleasantly. No special programme was prepared, consequently the citizens went to the resorts. A crowd witnessed the bicycle races, which proved to be slow. Perhaps the one-mile Utah county championship event was the one about which the most interest centered. There were five entries. Archibald, a local rider, Archibald and Coe. The event was won by Archibald. Time, 2:36. He was awarded a gold medal. Archibald also won the half-mile Utah county handicap, in 1:24.

In the half-mile open professional there were six entries. Samuelson, first, Leyland second, Hopper third. Time, 1:16.

SAMUELSON BEATS COLLETT AGAIN

Wins Almost as He Pleases in the One-Mile Scratch Race.

In two straight heats, W. E. Samuelson last night defeated George Collett of New York City, in a one-mile match race. Samuelson rode in great form and won almost as he pleased. Collett rode a game race and followed "Sam" closely until the bell changed for the sprint. Then the Provo speed marvel cut loose and left his competitor nearly a quarter of a lap in the rear. The time for the heats was 2:04 and 2:00 1/2.

The feature of the evening was the five-mile handicap lap race for the professionals which was won by Samuelson. Sam led the bunch most of the way and at the finish developed a sprint that was remarkable. After riding well in front most of the way the "Pride of Provo" rode the last two laps at a pace that would bring terror to a quarter-mile. "Feller" Palmer came second, Hollister third, Stevens fourth and Acorn fifth. Time 10:36 1/2.

Weiser and West capped first money in the amateur tandem race after leading all the way. These riders received a liberal handicap and the scratch riders were unable to come close. The time for the two miles was 3:49 3/4.

Wilcox and Castro were second, Tate and Ellwood third and Redman brothers fourth.

Carl Redman again showed his rear wheel to the "ams" in the half-mile open event. Ellwood was second and Acorn third. Time, 1:04.

In the five-mile "pro" race, Hardy Downing, Frank Hoffman and George Collett received bad falls. Collett gamely remounted and attempted to overtake the bunch but they had secured a good lead and the New Yorker could not get up.

SALT LAKE DEAD IN AMERICAN FORK CANYON

Special to The Tribune.

AMERICAN FORK, July 26.—From the power-house in American Fork canyon last night came the report that a man, supposed to be Peter Van Houten of 48 East Eleventh South street, Salt Lake City, a mining prospector, had been found dead in the canyon. The man had evidently been dead for three or four days.

This was definitely ascertained by Sheriff Harmon and City Marshal Lagsden, who left here last evening at 10 o'clock. The man was about 35 years old and came to his death through heart failure. Mr. Van Houten, who was the owner of a semi-truck and had been working in the canyon, had been found dead in the canyon. The man had evidently been dead for three or four days.

When the Marshall and Sheriff arrived at the scene the body was found on the gulch to where the mine is located. They had been looking for the body since Thursday, but thinking nothing serious of his delay, they did not start out to search for him.

Harmon and Lagsden sent Undertaker Anderson up with a coffin. The body will be brought here for shipment to Salt Lake City.

The body was discovered by Peter Peterson of Lehi, who, with his family, was enjoying a picnic in the canyon. After discovering the dead man he came post haste down the canyon to the power plant, where he notified City Marshal Lagsden of the find.

Mr. and Mrs. John Halliday of Pleasant Grove are the guests of Mr. and Mrs. W. S. Robinson.

The pioneer reunion of the sons and daughters which was held here today was one of the most successful and largely attended reunions which the association has ever held. The day's activities were organized by the beautiful Apollo who crowded to its doors.

The pioneer reunion came in over the San Pedro, a cable car that left at 9:25, accompanied by the Pleasant Grove orchestra, which ushered them into American Fork with music. They proceeded to the Apollo, where, on entering, every person was presented with a badge in which was a picture of all the pioneers of the day. Beginning at 10 o'clock the morning programme was rendered, which was as follows:

Singing, "Oh, Ye Mountains High" Quartette. S. L. Chipman.

Led by Miss Nellie Forbes of American Fork.

Address of Welcome. Mayor J. H. Clarke.

Responses. Hon. Reed Smoot. Hon. Charles McNamara. Hon. Young Ladies. "Providence of God Over Our Pioneer Fathers." J. Golden Kimball.

The former reunions were announced as being held as follows: Two at Provo, one each at Springville, Spanish Fork, Payson, Pleasant Grove and at American Fork.

The noticeable features of the decorations were the early Indian wigwags and 1847 Indians.

Immediately after the programme a social handshake and seeing the towns was indicated. At 1:30 until 2 o'clock the many pioneer visitors were escorted to the new Harrington school building, where a new 500 partook of a banquet, after which they returned to the Apollo and there sojourned some of the day.

The visitors or most of them returned to their homes rejoicing in a pleasant reunion.

UNION OR NON-UNION?

Question, Says Capt. Sewell, Must Be Settled Without Evasion.

WASHINGTON, July 26.—F. S. Key-Smith, an attorney for the striking bricklayers at Washington barracks, declares that Taylor was employed in violation of the civil service rules and that unless Taylor is discharged he (Smith) is going to protest to President Roosevelt. Taylor was appointed, he declares, after his eligibility to appointment had expired.

The defect in his standing, according to Capt. Sewell, in charge of the construction work, was not discovered until after the trouble had occurred and Taylor then re-registered, so that he is now qualified.

Capt. Sewell, in a letter to Mr. Key-Smith, says: "The question of union or non-union work has got to be settled without any evasion of the issue some day. If the unions are able to establish their position that a non-union man cannot work with them on Government work, then day labor work in the present United States is forever at an end."

Fight Between Redmen and Cowboys; Several of Latter Wounded.

Special to The Tribune.

HAILEN, Mont., July 26.—News has reached here of a shooting affray at Rocky Point, in the Bad Lands of the Missouri river, last Friday, in which three men, all Indians, are said to have been killed. Several cowboys were wounded, one, it is believed, fatally. The trouble is said to have been started by a half-breed named Brown. Brown and several Indians were on their way to the Crow reservation, and stopped for a time at Rocky Point. There they began drinking and playing poker with some cowboys. A disagreement ensued and this led to the use of weapons. When the smoke cleared away it was found that Brown, Aloysius Chandler and an Arapahoe Indian were dead, their bodies being literally filled with bullets.

An investigation of the affair will be made at once by the officers of the Fort Logan agency here. Rocky Point is eighty miles south of Haillen, and communication with that place is impossible unless by carrier.

SAN BERNARDINO, Cal., July 26.—Engineer Freeman of the Santa Fe railroad saved the passengers of overland train No. 2 last night by a highly courageous act. When the train was at a standstill the locomotive suddenly became enveloped in smoke. Something got wrong with the oil feed, and there was no means of shutting off the flow of oil. Freeman thereupon jumped into the blazing cab, waded through the burning oil and reaching the throttle sent the engine down the track, stopping only when he had reached a point where it was safe to halt the fire burn itself out without danger to surrounding property.
